

0800, 0860, 0861, 0862 and 087.

Do you have a non-geographic number that you've been wanting to port?

What is number porting?

1. Number porting is the process of taking an existing phone number and transferring it to another telco service provider.
2. The process allows you to switch providers while keeping all your same phone numbers.

What are the benefits?

1. Cost savings on infrastructure and calls.
2. Improved service.
3. Innovative, agile, and customised solutions.
4. Greater flexibility.

# YOU CAN NOW PORT YOUR NON-GEOGRAPHIC NUMBER!
