making it better

Cost Disbursement Software for the Legal Industry

Significantly enhance the efficiency, accuracy, and overall effectiveness of billing processes within your law firm. It aligns with the evolving technological landscape, providing modern solutions to meet the specific needs of legal professionals.

Proudly South African developed Print Management solution, used by many leading Legal firms, including CDH and Norton Rose Fulbright.

Manage Client & Matter Billing Effectively

Time Efficiency
Print Director Pro automates billing, saving time for legal professionals.

Accuracy and Precision
Reduces errors in invoicing, ensuring precise billing and minimising disputes.

Real-time Tracking and Reporting
Provides real-time tracking and comprehensive reports for informed decision-making.

Integration with Case Management
Seamlessly integrates with case management systems, minimising errors in billing information.

Client Transparency
Enhances client satisfaction with clear and transparent invoices.

Billing Compliance
Enforces legal and industry billing standards for compliance.

Cost Reduction
Reduces costs associated with manual invoicing, paper usage, and errors.

Improved Cash Flow
Accelerates payments through timely and accurate billing.

Security and Confidentiality
Ensures the security and confidentiality of sensitive billing information.
