

PRINT DIRECTOR CAPTURE

1

Single Sign On

Access cloud applications and company workflows with a single secure login. No need to re-enter credentials.

2

Same Sign On for Print, Copy & Scan

Use your existing Print Director credentials to seamlessly authenticate for both copying, printing and scanning

3

Print Directly from Printer

Print documents straight from your cloud storage or workflow system — directly at the device, with costs accurately tracked to the user.

4

Capture to Workflow

Scan hardcopy documents into existing digital workflows with full traceability, optional metadata tagging, — all from the same familiar interface. No OCR required.

PD Capture can be added to any of our existing Print Director packages, enhancing your current solution with powerful document workflow capabilities.
