

Protect Your Entrances & Exits for

# Safer School Environments

MY **SAFE SPACE**™

First of its kind, proudly South African school security grading system powered by JD Group in partnership with My Safe Space for a proactively safer school.

# Pre-emptive 5 Star Security

My Safe Space is the first of its kind security grading system, customised for South African education. Our mission is to create Safer Schooling Environments by preventing kidnapping, reducing bullying, and preventing hijacking with cutting-edge pre-emptive surveillance and alerting.

## Why My Safe Space?

First of its Kind

Pre-emptive Measures

Security Grading System

Reduce Risk of Kidnapping

Reduce Risk of Bullying

Reduce Risk of Hijacking

Safer Schools

Customised for SA

## Grading System

My Safe Space assists schools so that they can achieve a 5-Star safety rating by evaluating their perimeter and facilities to customise an analytics-driven and intelligent solution.

# Technology

The custom-designed, proudly South African poles give a 180° view of the street in front of the school, with three mounted cameras making use of the latest AI-driven intelligent monitoring. License Plate Recognition cameras and Over View Situation Awareness technology work together for 24/7 pre-emptive school security.

CITY OF CAPE TOWN  
ISIXEKO SASEKAPA  
STAD KAAPSTAD

## Beat Bullying

Children shouldn't be statistics. Be part of the solution for the **32 million** learners bullied annually, of which **67%** are too afraid to ask a teacher for help.

## Endorsements

My Safe Space is endorsed by the Department of Education, the City of Cape Town, Pegasus Publishing, and Supersport Schools.

## Combat Kidnapping

Join the fight to keep children safe from the **51 daily kidnappings** in South Africa, which has increased **260% in the last decade.**

## Prevent Hijacking

A school perimeter is vulnerable, especially during drop-off and pick-up. Our intelligent alerts track known offenders and suspicious activity.

# The Guardian Column

- ✓ Itec Finance: Fully Financed & Insured - 0% Escalation
- ✓ Branded & Aesthetically Pleasing
- ✓ AI Situational Awareness Monitoring
- ✓ Suspicious Vehicles WhatsApp Alerts
- ✓ Existing Security Company Integration
- ✓ Automatic Number Plate Recognition (ANPR)
- ✓ Remote Management System (RMS)

## Jeppe High School for Boys

Our pilot site was Jeppe High School for Boys, which is already showing positive results. In the first test month, the system flagged over 2,000 potential incidents, escalated 4 alerts, and actioned 2.

The guardian column with its advanced AI technology and Automatic Number Plate Recognition software alerting the school's WhatsApp group of any potential suspicious humans and vehicles. These were escalated to the relevant authorities for action-people-safety-first.
